

New Program!

After-School Adventures (Spring 2020)

Richmond School District Continuing Education is now offering an After-School Adventure program for Blair Elementary School. This course is intended to be both fun and skill-building for students.

#40648-1C Mobile App Development (Age 9 & Up)

In this course, Students will hand on to the MIT App Inventor , an intuitive, visual programming environment that enables anyone to build fully functional apps for smartphones and tablets.

This is a projected based approach, for students to develop a tangible app by the end of the program. As part of the projects, students can learn to create prototypes, apply paint, playing speeches, linking features and pages, creating interactive games. (Please bring your own iPad or Android Tablet) or use the one provided by CE at the class.

Course Date: (Thursday)

Time: 3-4:30 PM **Fee** \$180

Full Course Dates: April 16th to June 4th, 2020 (8 sessions)
