A Note About Class Placements

The thoughtful and professional staff at Blair do our very best to create optimal learning environments that support the growth and development of our students.

If your child happens to be concerned about their new class placement, it can help to reassure them that their feelings around the change of a teacher, classroom, or peers, is normal and experienced by lots of students. With a bit of time, students will settle into their classrooms, and we know that everyone will have a great year! Talking with your child's new teacher about how your child is feeling can help create an opportunity where you can work together to help build connections and help your child settle into their new classroom!

Let's Keep Each Other Safe and Healthy!

In order to keep each other safe and healthy, our Provincial Health Authorities, the Ministry of Education and the Richmond School District are reminding us to consider the following:
