StrongStart Guaranteed Program

Grauer Elementary

**Where caregivers and children
aged 0-5 have fun together!**

StrongStart BC programs provide rich learning environments designed for early learning development – language, physical, cognitive, social, and emotional. Our early childhood educator leads learning activities where children find opportunities to make friends and interact with others of similar ages. Caregivers participate with their young child (aged birth to five) in play-based early learning activities – including stories, music, and art. At no cost to families, this early learning program helps prepare children for the transition to Kindergarten. We offer support, information, resources, and a chance to meet other caregivers.
